POST CLOSURE

An Owner of an underground storage tank (UST) system that is permanently closed is required to notify the Alaska Department of Environmental Conservation (ADEC) in accordance with Title 18 Alaska Administrative Code (AAC) *Underground Storage Tanks*. "Permanently Closed" means to remove petroleum and sludges from the UST system and either remove, dismantle and dispose of the tank or fill it with inert solid material. [Note: A UST that had a confirmed release must be permanently removed from the ground; an in-place closure is not allowed (18 AAC 78.085).
